It is fairly new to the industry as far as I know. I saw her cumming on the IFC under different names and with friends. Here are some of her other works, Violet and Eden are also the G/G Gloryhole scenes coming. From the page of the Glass Gloryhole Swallow: If you guys have been following along in the Forum you will know the purple purple a close friend who wanted her first Gloryhole adventure after Eden told her how much fun she had. Purple is almost the complete opposite of Eden and really felt at ease in the cabin sucking from strangers. I was actually really surprised at how comfortable she was and immediately realized she was natural at sucking cocks. I wanted every girl to have their own gloryhole visits before combining them up to service taps together, which was another great one that you guys would enjoy soon.
